#### DECLARES

1) having read, understood and accepted the contents of the document describing the methods and purposes of data processing and personal information (available at <https://ndm.isprambiente.it/privacy-policy/> and listed in Annex 1);

2) having read, understood and accepted the contents of the documents relating to the NMD Network initiative available at the web address <https://ndm.isprambiente.it/en/homepage-english/> ;

3) to accept the scientific guidelines of ISPRA and the Scientific Committee of the NMD Network in relation to the modalities and standards of acquisition, verification and processing of mycological data referred to in "Guidelines for the census and monitoring of macromycetes in Italy" published on the site;

4) to be aware that participation in the NMD Network as a contributor is intended to collect and voluntarily send mycological data from field operations or from personal archives and/or bibliography and to collect and send samples fungi deriving from field operations or from personal archives according to methods and standards defined by the Network;

5) to authorize the systematization of the sent data will be systematized in the Fungi Information System (SIF) of ISPRA that will report next to each published record contributor's name and surname unless he/she wish to remain anonymous;

6) to authorise the storage of fungal samples sent to the NMD Network in the ISPRA fungarium at the headquarters in Ozzano dell'Emilia (BO) registered in the *Index Herbariorum* and that the label associated with the sample will be the contributor's name and surname unless he/she wish to remain anonymous;

7) to be aware that data sent voluntarily to ISPRA are shared with the NMD Network in line with the FAIR principles. The data may be disclosed or be the subject of scientific publications by the contributor and/or by the NDM Network, provided that there must be clear reference to the source of the data, i.e. the Fungi Information System (SIF);

8) to authorise the free transfer of fungal samples to the ISPRA fungarium and, if explicitly requested, genetic analysis whose results may be disclosed or be the subject of scientific publications both by the contributor and by the NDM Network, provided that there must be clear reference to the source of the data. I.e. the Fungi Information System (SIF) of ISPRA;

9) that there are no grounds for incompatibility or conflict of interest from a personal point of view with the purposes of the NMD Network;

10) that data collection activity (in the field or in archives) is carried out in total autonomy and independence of time and place thus relieving ISPRA of any liability, burden and duty to insure;

11) to authorize the processing of personal data, as well as those of the legal entity that I represent, pursuant to Legislative Decree no. 196 of 30 June 2003 "Code on the protection of personal data" and art. 13 of the GDPR (EU Regulation 2016/679) for the purposes related to participation in the Network for the study of mycological diversity promoted by the Italian Institute for Environmental Protection and Research.

#### Annex 1

##### **Information pursuant to article 13 of the European Data Protection Regulation n. 2016/679 (GDPR)**

In accordance with Article 13 of the GDPR, ISPRA as Data Controller, informs you about the purposes and methods of processing your personal data and the scope of communication and dissemination thereof.

The personal data you provide are functional to the conduct of the relationship within the initiative "Network for the study of mycological diversity" promoted by the Italian Institute for Environmental Protection and Research (ISPRA) based in Rome, and will be treated in accordance with the principles of correctness, transparency and protection of your privacy, within the exclusive scope of the relationship for which this declaration is made. Your data will not be disclosed to third parties, to the exclusion of those who are functional and/ or competing in the management of the same relationship.

The data will be processed through the use of appropriate tools and procedures to ensure security and confidentiality and can be carried out either by paper or by computer.

The data will be stored according to the criteria of necessity for the purposes described above.

The provision of data for this purpose is optional; however, in case of refusal to provide data or to allow their processing, it will not be possible to follow up the relationship for which the declaration is made. The legal basis for processing is participation in non-commercial agreement.

The Data Protection Officer can be contacted at: [rp@isprambiente.it](mailto:rp@isprambiente.it)

In relation to the processing of data concerning you, you can contact the Data Controller to exercise your rights pursuant to Articles 15 to 22 of the GDPR by writing to [protocollo.ispra@ispra.legalmail.it](mailto:protocollo.ispra@ispra.legalmail.it)
